EXPERIENCE

WordPress Developer · Planit Advertising

Baltimore, MD · Mar 2023 – Nov 2023

- Built custom WordPress sites centered on custom Gutenberg blocks, including multiple blocks for the company template.
- Worked across dev, staging, and production environments with automated test and deploy pipelines (Git, Bitbucket, local dev tooling).
- Diagnosed and resolved server and pipeline issues.
- Produced custom HTML emails and animated banners; ran monthly maintenance, QA, bug testing, and ADA compliance checks.

Key achievement: Launched several new sites on time and on budget.

Director of Interactive Services · Holmes Millet Advertising

Dallas, TX · Oct 2015 – Mar 2023

- Designed, developed, and maintained responsive sites and custom themes/templates across Craft CMS, WordPress, and other platforms using PHP, Twig, and JavaScript.
- Led the interactive department: creative direction, training, task assignment, hour estimates, and client meetings.
- Configured and deployed dev, staging, and production environments (in-house and client-hosted) and maintained enterprise Linux servers, keeping PHP, CMS, and code current.
- Collaborated with creative directors, developers, designers, animators, and clients to deliver multiple projects against deadlines.
- Ran email campaigns and digital ads, and produced animated video and motion graphics.

Key achievement: Redesigned 3 agency websites, boosting traffic and clientele; doubled traffic for EarthX.org after its 2019 redesign; recognized for Best UI/UX Design in Dallas 2019–2022.
